

Great Wine Happens Every Day

Frank Family Vineyards was founded in 1992 by former Disney Studios President Rich Frank. First constructed as the Historic Larkmead Winery in 1884, the stone building on their property is the third oldest in Napa and appears on the National Register of Historic Places. Today, Frank Family owns over 380 acres of some of the best vineyards throughout Napa Valley, and in 2014 received Napa Green certifications for both the land and winery.

Nestled in the shade of centuries-old Elm trees, Frank Family's iconic tasting room has been named "Best Napa Winery" by the Bay Area A-List for eight years in a row, making it one of the most popular wine country destinations. At once both classic and contemporary, their home for guests embodies the spirit of family that drives everything they do. Frank Family offers a range of intimate, seated experiences inside their yellow 1930s craftsman house and throughout their park-like property. Each unique guest room reflects a part of their history and spirit, inviting visitors to sit and enjoy estate sparkling and vineyard-designated still wines under the guidance of Napa's most hospitable wine education team. They have become a household name for lovers of premium Napa Valley wines thanks to the consistent and artistic quality of their diverse wine collection that spans from sparkling to Cabernet and everything in between.
